FROM THE EXECUTIVE DIRECTOR

Friends,

This has been a year of great tragedy and great hope. The pandemic is the single greatest crisis in most of our lifetimes, and it is easy to believe this is too big for any of us to beat, but I am proud to say, we are beating it each and every day!

2021 has shown us once again that no matter the problem, volunteerism is the solution!

While AmeriCorps Members and volunteers answered the call to help their fellow Missourians in time of great need, the Commission used 2021 to redefine ourselves. No longer are we simply a grant funder. We are now a resource and facilitator for service. We are rededicated to our vision of a Missouri where everyone volunteers.

This year we grew our AmeriCorps portfolio to the largest Missouri has ever seen. We launched a new website and volunteer opportunity search engine that has already helped thousands learn how they can give back to their community. We began to highlight amazing stories through Missouri's Volunteer of the Week program.

2021 was a year of growth for us, but I am here to say that we are just getting started! 2022 will bring the largest federal, state, and local investment in service that Missouri has ever seen. It will also bring new opportunities to shine a light on the amazing work volunteers do every day to make our state, and our world, a better place!

I hope you will enjoy learning about what was done in 2021, but more importantly, I hope you are excited for what is to come in 2022! Let's get things done!

Yours in Service,

COVID-19 RESPONSE

From the beginning of the pandemic, our Members and volunteers never stopped serving! They continued to work with kids while schools were virtual. They ensured families had the food and supplies they needed while staying at home. They worked with local and state agencies to provide COVID testing and vaccinations.

In total, our programs helped thousands get tested and 173,879 Missourians get vaccinated!

As the pandemic continues to impact our lives, we are still serving!
